Wireless Presentation

Optical Bonding

Personalized User Interface

20 Points Touch Support

Collaborate on Content Better, Together

TRUTOUCH VN series is designed for a intuitive user experience. It allows a seamless writing and co-working experience simultaneously. A powerful TRUTOUCH BYOD ready display enables the screen to be turned into a discussion board with a single touch. Productivity made easy!

Superior Touch Experience

With the state-of-the-art touch technology, users can annotate with a writing stylus or fingers which is as natural as writing on papers. VN series also supports object recognition under the built-in annotation tool.

4K
UHD

Clear and Robust Images

Capture your audience's attention when showing videos, image and presentations. TRUTOUCH VN series' 4K UHD resolution delivers clear and robust images, even when multiple users simultaneously project their screens in quadrant view.

178°

Maximized Viewing Angle

VN series adapt optical bonding technology that eliminates the gap between surface glass and display, and resulting in a 178° viewing angle. No matter where you sit in the meeting room, the image is just as clear.

What's simpler?

Less clutter.
Lower installation & setup time.
Less weight & slim frame design.
Less system limitations.

What's better?

Brand new UI design.
4K UHD that redefines clarity.
20 Points Touch Support
Size selections from 65", 75" to 86".

Tools that evoke

INSPIRATION

Welcome to the New Visual Era!
TRUTOUCH VN series debuts with revolutionary innovation leading the way to a brand new user experience like you never expected.
